Summary

Frontend Developer skilled in React.js, Node.js, and building scalable, user-focused web applications. Experienced in full-stack development, UI/UX optimization, and delivering production-ready features.

Experience

- **Web Developer, SPIE – The International Society** Jan 2024 – Oct 2025
 - Built and optimized interactive web applications using React.js, increasing user engagement by 15%.
 - Collaborated with designers and backend teams to deliver scalable, production-ready features.
- **Frontend Developer, Assemble (Remote)** Jun – Jul 2025
 - Developed reusable UI components with a strong focus on performance and accessibility.
 - Improved UI consistency by standardizing component patterns across the application.
- **Tech Lead, Book with UVA** Aug 2024 – Feb 2025
 - Led a 4-member full-stack team to deliver new platform features, improving user satisfaction by 20%.
 - Managed development cycles, task assignments, and frontend–backend integration.
- **Web Developer Intern, Ioncure Tech Pvt. Ltd.** Feb – Apr 2025
 - Contributed to redesigning a study-abroad platform with improved UX and responsive layouts.
 - Implemented frontend enhancements that reduced friction and improved interaction flow.
- **Frontend Developer Intern (React), Codtech, CodSoft, Codec** 2024 – 2025
 - Built and deployed responsive frontend features using React.js and modern JavaScript.
 - Strengthened component architecture, state management, and API integration skills.

Education

B.Sc. Physical Sciences with Computer Science CGPA: 8.41	University of Delhi, India	2023 – 2027
---	----------------------------	-------------

Projects

- **TheraLink:** Full-stack React/Node mental health platform.
- **Blockchain E-Voting:** Smart-contract voting system with secure authentication.
- **My-Shop:** E-commerce app with dynamic cart, filters, and backend logic.

Research & Hackathons

- **Face Recognition System (AI):** Real-time identity verification using Python & OpenCV.
- **Smart India Hackathon (Internal Winner):** Developed a solution addressing real-world problem statements.
- **HackOdisha 5.0:** Built *SafeTrails* – Smart Tourist Safety System using AI, Blockchain, and Geo-fencing.

Skills & Certifications

Languages: C++ , Java, Python, JavaScript, SQL

Frameworks/Tools: React.js, Node.js, Express.js, Git, Netlify, Tableau

Certifications: React.js Development, DSA (Java), ML Basics, Advanced JavaScript, Accenture Software Engineering Job Simulation (Forage, 2025), Deloitte Technology Consulting Job Simulation (Forage, 2025)
